***Minnesota Law & Politics* Names Michael Ovshak as One of Area's Trusted Financial Advisers**

Minneapolis, Minn. — December 7, 2009 — Michael Ovshak, CERTIFIED FINANCIAL PLANNER™ practitioner with FPS Financial Inc., has been named as one of Minnesota's most trusted financial advisers as chosen by Minnesota lawyers in the *Minnesota Law & Politics* October/November 2009 issue.

Law & Politics sent a survey to more than 7,000 lawyers in late November 2008, asking them whom do they trust with their investments and whether, given the market meltdown, they still had enough trust to recommend their advisers to family and friends. Based on the lawyers' comments and responses, they created a list of trusted financial advisers – the people lawyers trust with their money.

“It's a real honor to be part of this group. To be chosen by fellow professionals with whom we work, means a great deal to me and my firm. Here at FPS, the trust and confidence our clients and associated professionals place in us is something we're really proud of and is the foundation to our success,” says Ovshak.

FPS Financial (www.FPSfinancial.net) is headquartered in New Brighton, MN. The firm understands the importance of building each client relationship based on trust, communication, and experience. Throughout the years, it has evolved with the ever-changing financial world and tailored its practice to be a client service-based environment where everyone works as a team toward each client's unique goals and objectives.
